Quality Policy

ESSETI S.R.L. intends to maintain its ISO 9001 and EN 9100 Certifications, consolidating its commitment to quality in industry and aerospace. At the beginning of 2023, the Company also achieved the goal of acquiring NADCAP Certification for the special Wire EDM process, thus gaining another important achievement in the field of quality.

This document is expressly intended to declare ESSETI S.R.L.'s intention to continue to focus on a global concept of quality, capable of satisfying:

- *Respect for the environment;*
- *Occupational safety;*
- *Conformity of manufactured products;*
- *Absolute compliance with mandatory rules and customer requirements;*
- *The selection of certified suppliers;*
- *A guarantee of free access to our plant by the customer and the Competent Authorities.*

In order to fulfil these principles, ESSETI S.R.L. has thus sets the following objectives, in no particular order of importance:

- *To understand the needs and expectations of all stakeholders;*
- *To monitor System and Product risks and opportunities in a timely manner;*
- *To comply with customer requirements and specifications and mandatory regulations;*
- *To focus on the ongoing needs of the customer;*
- *To ensure an optimisation of the infrastructure and technical skills of staff through continuous training;*
- *To implement a continuous improvement of the Quality Management System and related business processes;*
- *To monitor the performance of suppliers by ensuring the flow-down of customer requirements;*
- *To protect the confidentiality of documents provided by the customer;*
- *To ensure the conformity of supplies by guaranteeing above all the product quality and safety, as well as compliance with agreed delivery times;*
- *To operate under a regime of absolute loyalty and moral integrity with all parties.*

During the periodic Management Review, ESSETI S.R.L. monitors and updates the Quality Policy that is disseminated to all internal and external stakeholders.
